Mixed Signal Oscilloscopes (MSO) and Digital Storage Oscilloscopes (DSO).

- 300 MHz, 500 MHz and 1 GHz bandwidth models
- Up to 4 GSa/s sample rate
- Unique 2 + 16-channel, 4 + 16-channel mixed signal oscilloscope (MSO) models
- 2 or 4-channel digital storage oscilloscope (DSO) models
- Flexibility to **field upgrade a DSO to an MSO**
- Standard MegaZoom III deep memory
- High-definition XGA (1024 x 768) color display
- Ultra-fast real-time update rate of up to 100,000 waveforms/sec and 256 intensity levels
- Full-scale connectivity – Standard USB, LAN, GPIB and XGA video output
- Front panel USB port for storage to USB drive
- Powerful triggering including analog HDTV, CAN, I2C, LIN, SPI, and USB

Agilent 6000 Series 1 GHz bandwidth models				
Product number	DSO6102A	MSO6102A	DSO6104A	MSO6104A
Channels	2 scope	2 scope + 16 logic	4 scope	4 scope + 16 logic
Max sample rate	4 GSa/s	4 GSa/s	4 GSa/s	4 GSa/s
Description	The most powerful portable	Debug complex high-speed digital systems	The most powerful portable	Debug complex high-speed digital systems

	scopes with MegaZoom III	with 2 scope + 16 logic channels	scopes with MegaZoom III	with 4 scope + 16 logic channels
--	-----------------------------	-------------------------------------	-----------------------------	-------------------------------------

Agilent N2915A MSO upgrade, for DSO605(*)A ---Includes a logic cable kit, a label and an upgrade license to activate the MSO features in a DSO 500MHz or 1 GHz oscilloscope.

Agilent 6000 Series 500 MHz bandwidth models				
Product number	DSO6052A	MSO6052A	DSO6054A	MSO6054A
Channels	2 scope	2 scope + 16 logic	4 scope	4 scope + 16 logic
Max sample rate	4 GSa/s	4 GSa/s	4 GSa/s	4 GSa/s
Description	Portable scopes with MegaZoom III	Debug digital systems with 2 scope + 16 logic channels	Portable scopes with MegaZoom III	Debug digital systems with 4 scope + 16 logic channels

Agilent N2915A MSO upgrade, for DSO605(*)A ---Includes a logic cable kit, a label and an upgrade license to activate the MSO features in a DSO 500MHz or 1 GHz oscilloscope.

Agilent 6000 Series 300 MHz bandwidth models				
Product number	DSO6032A	MSO6032A	DSO6034A	MSO6034A
Channels	2 scope	2 scope + 16 logic	4 scope	4 scope + 16 logic
Max sample rate	2 GSa/s	2 GSa/s	2 GSa/s	2 GSa/s
Description	Lowest-cost portable scopes with MegaZoom III	Debug complex high-speed digital systems with 2 scope + 16 logic channels	Portable scopes with MegaZoom III for high-performance problem solving	Debug complex high-speed digital systems with 4 scope + 16 logic channels
